EDUCATION

Intermediate in ICS

2019 - 2021

FG Degree College For Boys, Multan

- Conducted practical experiments and analytical problem-solving projects.
- Developed logical reasoning and quantitative skills essential for engineering studies.

Bachelor of Computer Science

2021 - 2025

NFC University, Multan

- Completed multiple projects in web development, automation, and AI integration.
- Conducted research on modern computing technologies and software engineering practices.

ADDITIONAL INFORMATION

- Languages:** English, Urdu
- Certifications:** Meta Frontend Developer (9TH Dec, 2024), Advance React Course (by Coursera).
- Activities:** Actively participated in cricket and football from 2022 to 2023, demonstrating strong teamwork, discipline, and leadership skills through regular inter-college and regional competitions.

Content Genius - AI-powered Content Suggestion Platform

Developed a MERN-based SaaS that suggests trending content and generates AI-powered posts in real time.

 https://github.com/Mursleen-2004/Content_Genius_Fyp

Remote - Interview - Platform

Developed using TypeScript and Convex, delivering a robust, real-time solution for conducting technical interviews with integrated coding, video, and evaluation features.

 <https://github.com/Mursleen-2004/remote-interview-platform>

Snacksy - Food Delivery Platform

Built a scalable, full-stack food delivery platform with TypeScript, featuring real-time order tracking, integrated payments, and a responsive user experience for customers and restaurants.

 https://github.com/Mursleen-2004/food_delivery_app

Chat System

Developed a real-time chat platform using Socket.IO, enabling instant messaging, active user tracking, and seamless communication with a modern, responsive interface.
